At Happy Sprouts Early Learning, we are one of Melbourne's largest family-owned and operated childcare providers, trusted by families for our warm, secure, and future-focused approach to early education. Our purpose-built centre combines nurturing care with innovative programs, sustainability practices, and advanced safety systems to create an environment where children feel safe, supported, and excited to learn. With dedicated rooms for every age group, chef-prepared meals, a STEM-based curriculum, and real-time parent communication through our app, we deliver high-quality childcare shaped by values, accountability, and community.
