Het Hotel bed is the premier European authority and leading manufacturer of professional-grade sleep systems specifically engineered for the hospitality sector. Specializing in high-performance mattresses and boxsprings for luxury hotels, international cruise lines, and premier holiday parks, we deliver a seamless blend of durability, comfort, and uncompromising safety. With our roots in German engineering and a sprawling distribution network, we ensure that every guest, whether on land or at sea, experiences the pinnacle of rest. Our Specialized

Expertise

Hospitality & Leisure Leaders: We are the strategic choice for hotel chains, boutique stays, and large-scale holiday resorts seeking to upgrade their guest

experience. Maritime Excellence: Expert providers of marine-certified (IMO/Crib 5) mattresses tailored for the rigorous environment of cruise ships and yachts. Safety & Certification: Every product meets the highest European fire safety standards, providing peace of mind for facility managers and owners. B2B Customization: Scalable production capabilities allowing for bespoke sizing and firmness profiles to meet unique brand standards. At hetHotelbed, we understand that a guest's stay is defined by the quality of their sleep. We bridge the gap between industrial durability and domestic comfort, serving as the trusted wholesale partner for the leaders of the global travel industry.
